Commissioner for Patents

The amendment filed under 37 C.F.R. 41.33(b)(1) of 08/04/2005 has been entered in full. Claims 3, 13, 30, and 31 are cancelled. Claims 6 and 7 are pending and under appeal.

The examiner notes that entry of the amendment is permitted under 37 C.F.R. 41.33(b)(1) and that the amendment will simplify the issues under appeal.

Applicant is requested to note the following regarding the Notice of Defective Appeal Brief mailed on 11/30/2005. **A full reply to the notice must contain only the specified changes and that further response to other than the specific administrative issue will be held nonresponsive.** This is not altered by the cancellation of claims noted above, which, of course, renders arguments pertaining those claims moot. The remand should not be taken as an opportunity to file an altered Appeal Brief that may raise new arguments on the merits of the remaining claims.
